Note 2: Pat Parker would prefer to keep this group small and would invite Geoff to sit in with the senior group. I mentioned as an alternative having an hour with the senior group. He didn't seem too keen on this, felt more than hour was required.

and one hour with junior group.

Note 3: Lunch was just a thought on his part. You might want to consider Lunch with the Superintendent and a few faculty members, i.e., Sup., Jack Borsting, Mike Sovereign, Dr. Schradly (Dean of OR and NSA).

Options:

0900-1100 any way he wants it 1100-1330 work; 1530-work

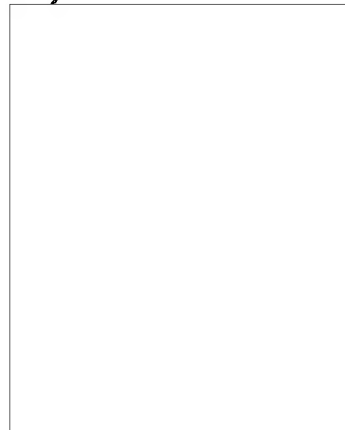

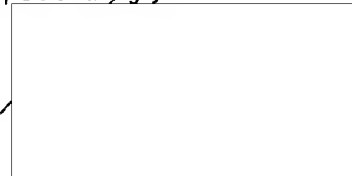

One hour each with junior and senior Naval Intell groups.

Lunch with Sup., et al. (no students, all faculty) -- recommend this.

Schedule as is.

2. Re your address Wednesday, 1 February, to the combined Houston Rotary Club, Chamber of Commerce and Navy League (sponsored by the Houston Men's Forum), they have advised me "women are not generally invited," and they don't anticipate any women being present. In a situation like this I usually query to a point that I think Mrs. T. would be uncomfortable. I think she would be at this luncheon address as well as the address the night before. I've talked to her about both of these and hope that the alternatives we've talked about are satisfactory. As for the other addresses on the trip, the Young President's group includes wives and the audience will be 1200 or so. At Stanford, I've asked them to reserve 10-12 seats for your wife and guests.

Very respectfully,
